

## K2P3.1 (TASK-1) ion channel cell line

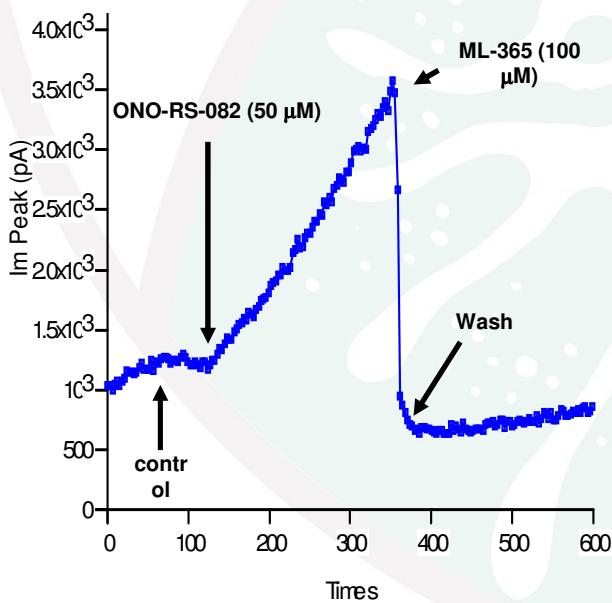

### Product Information

Catalogue ref: SB-HEK-TASK1

Species: Human

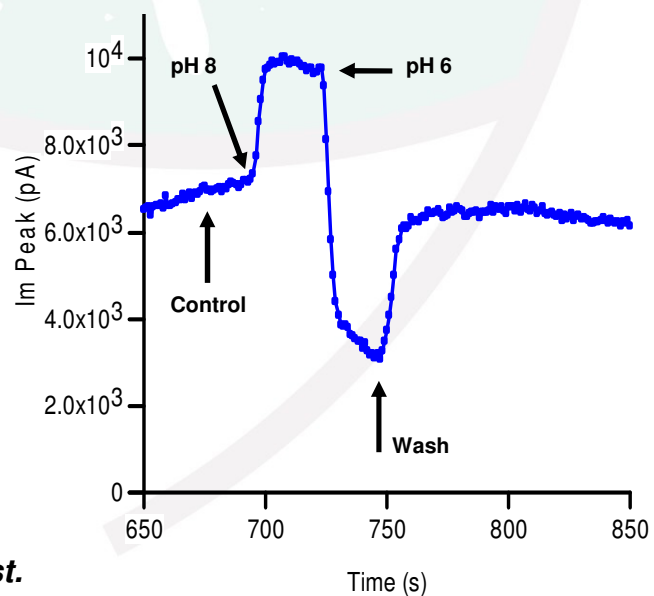

Host cell : HEK or inducible HEK

Quantity: 2 x 1ml (1x10<sup>6</sup> cells/ml)

**Figure 1:** Time-course of the effect of agonist ONO-RS-082 and blocker ML-365 on TASK-1 expressing cells.

**Figure 2:** Time-course of the effect of pH 8 (activator) and pH 6 (inhibitor) on TASK-1 expressing cells.

**Further validation data available on request.**
